

**Carbon Footprint Ltd certifies that**

**Radware Ltd**

**has assessed its carbon emissions. During the period of**

**1<sup>st</sup> January 2023 – 31<sup>st</sup> December 2023**

**the organisation's footprint was**

**3,600.32 tonnes of CO<sub>2</sub>e (location-based)**

**3,100.23 tonnes of CO<sub>2</sub>e (market-based)**

**28 June 2024**

CO<sub>2</sub>e  
Assessed  
Organisation

**John Buckley, Managing Director,  
Carbon Footprint Ltd**

The assessment was carried out in line with the requirements of the Carbon Footprint Standard. For more information on the Carbon Footprint Standard please see [www.carbonfootprint.com](http://www.carbonfootprint.com)

## Statement of verification

Radware Ltd  
22 Raoul Wallenberg Street  
Tel Aviv 69719

18 June 2024

### Scope

Radware Ltd engaged Carbon Footprint Ltd to verify its carbon footprint assessment and supporting evidence for the period **1<sup>st</sup> January 2023 to 31<sup>st</sup> December 2023**. Radware is responsible for the information within the carbon footprint report. The responsibility of Carbon Footprint Ltd is to provide a conclusion as to whether the statements made are in accordance with the GHG Protocol Corporate Standard.

### Methodology

The verification was led by Aaron Aaltonen, Environmental Consultant, Carbon Footprint Ltd. Carbon Footprint Ltd completed the review in accordance with the '[ISO 14064 Part 3 \(2019\): Greenhouse Gases: Specification with guidance for the verification and validation of greenhouse gas statements](#)'. The work was undertaken to provide a limited level of assurance with respect to the GHG statements made. Carbon Footprint Ltd believes that the review of the assessment and associated evidence, coupled with this subsequent report, provides a reasonable and fair basis for our conclusion.

The following data was within the scope of the verification (below shows the post-audit results):

<b>Scope 1:</b> Refrigerants		<b>105.30 tCO<sub>2</sub>e</b>
<b>Scope 2:</b> Electricity consumption	Location-based	<b>2,224.38 tCO<sub>2</sub>e</b>
	Market-based	<b>1,724.29 tCO<sub>2</sub>e</b>
<b>Scope 3:</b> Cat. 1. Purchased goods and services (purchased water, paper and product materials and packaging), Cat. 3. Fuel- and energy related activities (not included in scope 1 or scope 2), Cat. 5. Waste generated in operation, Cat. 6. Business travel flights (not included in scope 1 or scope 2), Cat. 7. Employee commuting (home working)		<b>1,270.64 tCO<sub>2</sub>e</b>
<b>Total</b>	<b>Location-based</b>	<b>3,600.32 tCO<sub>2</sub>e</b>
	<b>Market-based</b>	<b>3,100.23 tCO<sub>2</sub>e</b>

### Assurance opinion

Based on the results of our verification process, Carbon Footprint Ltd provides limited assurance of the GHG emissions statement, **and found no evidence that the GHG emissions statement:**

- is not materially correct and is not a fair representation of the GHG emissions data and information;
- has not been prepared in accordance with the GHG Protocol Corporate Standard.

### Declaration of Independence

Carbon Footprint Ltd is a third-party provider and has no conflict of interest in relation to providing the assurance of environmental data and calculations for Radware Ltd.

It is our opinion that Radware has established appropriate systems for the collection, aggregation and analysis of quantitative data for determination of GHG emissions for the stated period and boundaries.
